Ronan LEE MP

Delivering locally

Ronan Lee gives our area the strongest, greenest voice in Parliament. Delivering better local public transport and tackling traffic congestion are high on his list of priorities.

Ronan is a regular public transport user and passionate advocate for more train and bus services, better commuter parking and extending the NightLink bus service to include Thursday nights.

“Our community needs more trains and buses, protection for our green space, better bikeways and a plan to tackle traffic congestion.

Together we’ve achieved a lot but there’s still more work to do - I need your support to make our community an even better place to live.”

Working hard for his local community, Ronan has delivered record funds for local schools, sports clubs and seniors groups. He delivered funds for the Indooroopilly Railway Station upgrade, a new fire station and fire engine at Taringa, a new local Breast Screen Clinic and funds for more safe cycle paths.

Ronan is a passionate advocate for protecting the environment. He delivered funds to create the Oxley Creek Common and championed new laws to protect Queensland’s wilderness rivers and to end broadscale tree clearing.
